

Hotel Fasano Rio de Janeiro

Fasano Rio de Janeiro is the first building in Brazil designed by Philippe Starck, making it the most fascinating destination at Ipanema's beachfront. Among the attractions are the infinity edge pool that leans over the beach, surrounded by the Arpoador beach, the Dois Irmãos Mountains and the Corcovado. Its architecture and interior design pay homage to the spirit of Brazilian design of the 1950's and 1960's, and the glorious Bossa Nova era.
